THESIS DISSERTATION

*PATAWIR: A Phenomenological Cultural Center Integrating
Symbolic Cultural Expressionism in Alaminos City, Pangasinan*

Antonio R. Sta. Cruz, Jr.

Designing spaces
that feel intentional,
not just built.

I have always been passionate about design and the arts. When it comes to projects, I know how to manage my time well and work efficiently. I am a very responsible and reliable team member, but I can also rise up to be a team leader if needed. My time in architecture school has taught me that commitment and excellence in every phase of design leads to achievements.
